## DRAINAGE & BALANCE RITUAL

This summer, embrace the spirit of the Champagne Riviera and enjoy a complete ritual combining treatments, well-being and the art of slow living, overlooking the vineyards.

A holistic experience designed to restore balance to both body and mind:

### **WELLNESS MASSAGE – 1H**

A massage performed with Clarins "Anti-Eau" body treatment oil, specially designed to stimulate circulation, encourage drainage and deeply relax the body.

### **PERSONNALISED BODY WRAP – 30 MIN**

A cocooning ritual tailored to your needs, enveloping the body in a veil of comfort and softness, leaving the skin supple and intensely nourished.

### **BODY RESET BY MÉTHODE ESPINASSE**

To extend the benefits of your treatment, enjoy a one-month programme combining DRAIN, SLIM & BALANCE. This holistic approach supports drainage, promotes metabolic balance and helps restore a lasting feeling of lightness and well-being.

### **FLOW ELIXIR COCKTAIL**
